

Franchise Finance Index

The March 2016 Franchise Finance Index is representative of the franchise lending environment according to bQual™ financing statistics sourced from franchisee activity from brands that account for approximately 9,000 franchised units around the country. bQual is owned and produced by BoeFly in conjunction with FICO and Equifax. With bQual, franchise business owners can now have access to the score and information lenders use to make loan decisions. For more information about franchising, bQual and BoeFly, visit 1851 Franchise.
